HAMBROUGH LEARNING TREE

Dear Parent/Guardian,

I am writing to you to announce the launch of the Hambrough Learning Tree.

Each branch of the tree represents a learning disposition required by all good learners. These dispositions were decided on following consultation with pupils, staff, parents and governors.

The children have been introduced to each disposition through assemblies and PHSE lessons.

Posters for each of the branches are on display around the school and the staff and children use the language of learning in their everyday interactions.

It is hoped that in this way children will be able to recognise what they need to do to be a good learner and what learning behaviours they need to show to improve their attainment and progress.

Children are rewarded for demonstrating these dispositions in our weekly assemblies. Please congratulate your child if they receive one and discuss with them at home.

School feels that by encouraging greater responsibility within children themselves for their own learning that together we will continue to raise standards. Like the school's values these learning dispositions are relevant at home too so we would ask that you promote these attitudes when supporting your child with their home learning. Attached to this letter is a visual representation of the tree and all the learning dispositions for you to display at home.

Please ask the children about what they mean and how they have demonstrated good learning in their work today.

The Learning Tree is also available on our website (accessed from: About Us/Ethos, Aims & Values/Learning Dispositions).

Yours sincerely,

Mrs L. Singleton
